A true and correct copy of the ’952 patent is attached hereto as Exhibit C.

**14.** The ’566, ’314 and ’952 patents are referred to collectively herein as the “Asserted Patents.”

**15.** The Asserted Patents provide numerous improvements, advantages and benefits over the prior art, some of which are disclosed in the patents’ specifications and file histories that are of public record with the United States Patent and Trademark Office (“USPTO”).

**16.** BL provided Defendant with actual notice of one or more of the Asserted Patents, including the ’314 and 566 patents and of a related pending application with claims that had been allowed by the USPTO at least as early as April 8, 2022.

17. Despite having received actual notice of BL's intellectual property rights set forth in the paragraph above, Defendant continued, and to this day continues, to commit acts that are asserted in this Complaint to infringe the Asserted Patents.

18. The actions of Defendant complained of herein have resulted in Defendant's and its customers' infringement of BL's Asserted Patents and substantial damage to BL.
